## It's POLO Time!

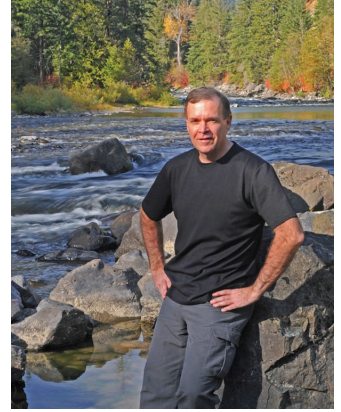

Thundering hooves. The WACK of the ball. It's POLO time in La Connor. July 2010 found Pilchuck Camera Club members at their first ever photo outing at a polo match. The event was the Pacific Northwest Polo Association Governor's Cup held just outside of La Connor, WA. 13 teams were competing in various divisions during the two day event. The games were played on a farmer's field that is maintained specifically for polo. The field is 3 football fields long and 2 wide and the action occurs everywhere – but mostly at the end of the field where you are not. I thought that having photographed horse racing at Emerald Downs I had a pretty good handle on photographing horses / action but unlike Emerald Downs you can't predict where the action is going to be. This is more like photographing soccer where the action is all over the field and in all directions. We stayed through two matches (4 chukkers each) before fatigue, heat and hunger convinced us to journey to Anacortes for lunch at the Rock Fish Grill. And we finished off the day with ice cream at the Snow Goose on Fir Island (but then you knew we had ice cream didn't you).

FORTH OF JULY CELEBRATION  
BY RENATA KLEINERT

I photographed this fireworks scene at night. The equipment used was a Canon 5D with a Canon EF 28-135 IS lens. Exposure data was 10 sec. at F 16 aperture with a 90 mm setting on the lens. IOS setting was at 100.

I used Janet's tripod with a cable release on a bulb setting. The resulting image was done in Adobe Photoshop 3. I did very little cropping on this image. Fireworks are fun to photograph getting something different each time. Keep trying and you will get the reward of a good one.
